générales sur la vie humaine
pour la santé publique et
les recherches médicales

Fondazione del Centenario
della Società svizzera di
Assicurazioni generali sulla vita
dell'uomo per la salute pubblica
e le ricerche mediche

Thank you for your interest in our foundation. Please send us the documents quoted in the checklist via the website by the end of February. Members of the Board of Trustees decide at a board meeting held in May every year on whether a contribution will be made and, if so, how much.

We look forward to receiving your project.

Application for a contribution

Please note that incomplete and/or non-compliant applications will not be considered.

The **deadline is the end of February**, the meeting of the Board of Trustees is held every year at the end of May.

Documents can be submitted from mid-October. If you have any questions or would like further information, please do not hesitate to contact us using the contact form.

Step 1

Please fill in the application form below.

Within a few days you will be sent an e-mail containing a **form** in Word format for you to summarise your project (see checklist for applications, 01. Summary) as well as the **project number** (also to be used in individual file names).

Step 2

Once you have received the form and the **project number**, the following documents must be submitted by the end of February in order to apply for a contribution (see checklist for applications).

Note: Please choose file names as specified; inclusion of the project number **is mandatory**.

The inclusion of the project number in file names means that documents can always be allocated to the respective project; files therefore do not have to be sent all at once (updated files should be designated as follows, e.g.: 01-new-project number.docx).
