

SimplyCare package

You've made a good choice! In cooperation with Swiss life, our SimplyCare package offers attractive insurance products and services.

Your package benefits

You have one contact for all health-related matters and can submit all medical bills to us – even if you don't have basic insurance with Sanitas. We then forward them to your basic insurance provider as necessary. This saves you time and you can be sure that your repayments will be processed reliably.

Further benefits of the package solution:

- Annual optimisation of basic insurance
- Administrative support when changing insurance
- Attractive discounts on selected supplementary insurance plans
- 24-hour medical hotline
- Legal insurance for patients for the term of your contract (third-party provider)

Our partner Swiss Life

Do you want to optimise your current basic insurance? Thanks to the Swiss Life switch service, you can find the lowest-cost model each year and get help to ensure a seamless transition. Any questions or need further information? Your personal contact at Swiss Life will be happy to help.

Your benefits with Sanitas

What our supplementary insurance plans offer

To enjoy the benefits of the SimplyCare package, you need to have taken out at least one inpatient and one outpatient supplementary insurance plan with us. This way, you benefit from attractive benefits, such as:

- Contributions towards alternative medicine, gym membership and courses, glasses and contact lenses, and check-ups
- Free choice of all contractual hospitals throughout Switzerland
- Full costs covered in case of emergencies abroad
- Treatment by the chief or senior consultant (Hospital Extra Liberty or Hospital Top Liberty)
- Option to upgrade to the semiprivate or private ward without a health check before admission to hospital (Hospital Standard Liberty or Hospital Extra Liberty)
- Premiums waived for children in the event of disability or death of an insured parent (Classic or Family)

Extras with Sanitas basic insurance

As part of the SimplyCare package, you can optimise your basic insurance each year. However, if you do have basic insurance with us, you benefit from attractive extras – depending on your chosen supplementary insurance:

- Loyalty bonus of CHF 50 per child and insured year paid out when they turn 7, 14 and 18 (Family)
- CHF 50 bonus for every claim-free year (Jump)

You can find an overview of all the benefits on our website: sanitas.com
