

SwissLife

## Swiss Life Payroll Services

Your reliable partner for  
salary administration

# Time for what really matters thanks to payroll outsourcing

## *Do you know:*

- » how much time you spend every month on salary administration?
- » what changes are coming in social insurance and tax issues?
- » how much you currently pay per salary statement?
- » who will take care of your salary administration in the event of an unexpected absence from the workplace?

*Enjoy transparency and secure planning – let us take care of your monthly salary administration.*

# Choose the service package that suits you best

*Our customers' favourite*

*With the "Carefree" package, you needn't worry about anything.*

## **Operational activities**

Data entry/data maintenance

Calculation of net salary

Generation of all output with relevance to salary

Transmission of documents to customer

## **Third parties**

Interaction with third parties (e.g. social security administration offices, pension funds, withholding tax offices etc.)

## **Cockpit**

Determination of the most important key figures

## **Expertise**

Expert support on social insurance and tax issues

## **Resourcen**

Responsibility for the entire payroll process if resource problems arise

*With the settlement service you coordinate with third parties yourself.*

*The professional software solution for when you aren't ready to outsource your salary administration.*

Yes, I would like more time for  
what really matters!
