

# More self-determination in occupational provisions – *Swiss Life Business Premium*

*Do you as an employer and your key employees wish to choose your own investment strategy for your occupational provisions? If so, Swiss Life Business Premium management insurance is the right solution for you. Opt for this solution and you can set your own investment strategy for part of your pension fund assets. This opens up opportunities to enhance the return on your pension fund assets.*

## Your attractive investment opportunities

- ✓ **You have a choice of six collective investment strategies:** Decide entirely according to your personal investment profile. You can switch investment strategy at any time if your needs change.
- ✓ **Savings insurance:** If you opt for the unique savings insurance, you have a 100% guarantee on your capital.
- ✓ **Liquidity account:** You can choose a liquidity account if you wish to park your pension fund assets temporarily.

## Overview of investment strategies – it’s your choice

With all investment strategies you benefit from professional asset management by Swiss Life Asset Management Ltd – according to the proven Swiss Life Best Select Invest Plus® approach.
