

Your pension certificate is going online

Swiss Life aims to improve accessibility of personal retirement provisions.

That's why we are no longer providing you with your pension certificate in paper form, but instead making your data available via the Swiss Life myWorld pension and financial portal. Once you have registered (one time only), you receive not only access to your personal pension situation any time you like, you can also use a wide range of tools and calculators to review it, test it and optimise it. Register now for Swiss Life myWorld.

The three most popular applications on myWorld:

„How well covered am I?“

Get an overview of your pension situation and spot potential gaps, or your personal optimisation potential.

Buy-ins to the 2nd pillar

Learn the effect a voluntary purchase can have on your employee benefit and calculate a potential tax benefit.

Prepayment for residential property

Do you dream of owning your own home? Calculate the effect of a prepayment from your second pillar and get a little closer to realising the dream.

What is the purpose of a pension certificate?

The pension certificate provides information concerning the benefits of occupational provisions in the event of various life risks. These benefits may change, depending on your current living situation. The pension certificate always lists the current benefits and serves for your information. It is not categorically required by any state authority.

You already use myWorld?

You can find your pension certificate in your portfolio in the future provisions area once you have logged in.
