

Swiss Life Funds III (CH) Equity Swissness CHF A Cap

SwissLife
 Asset Managers

NAV fund: 7.17 M CHF | NAV per unit: 103.86 CHF

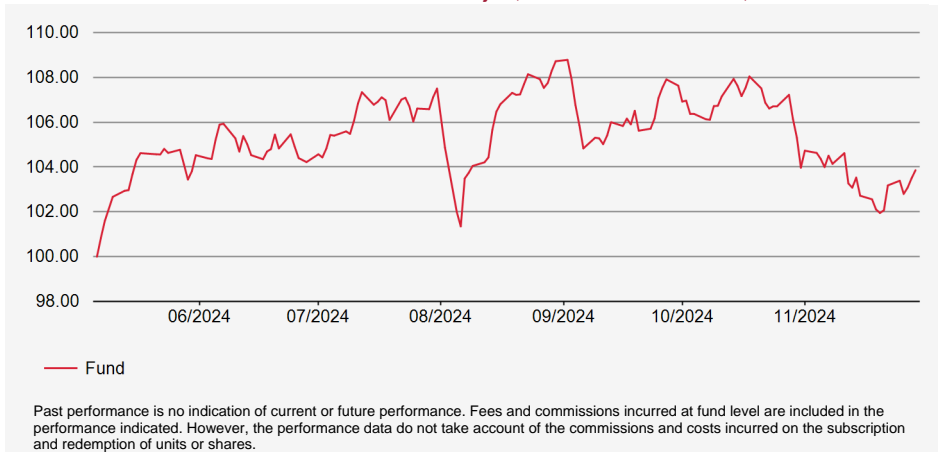

Management Commentary

The fund lost slightly in November as the Swiss equity market strongly underperformed global equity markets in general and the US market in particular. The dividend fund delivered the best performance while the two funds investing in large caps were the weakest. Performance dispersion was, however, very small.

Investment Strategy

The investment objective is to achieve long-term capital growth with a reasonable return. To achieve the investment objective, the sub-fund invests, by means of collective investments, in a broadly diversified portfolio of equities with a focus on the Swiss market. The product is actively managed. Investment decisions can be freely made within the framework of the investment objective and policy.
